

NORTHWEST Nordic Ski Club

Dedicated to the enjoyment of cross-country skiing

Who are we?

We are a group of cross-country skiers of all ability levels and ages. We support new skiers and those seeking to improve their skills. We offer a complete winter schedule of cross-country ski, snowshoe, and hiking events. We also organize year-round social events.

Where & when do we meet?

Membership meetings are held monthly, October through March. Our meetings and events are held at restaurants and in members' homes in the north and northwest suburbs.

What do we do?

During the winter months, we host weekly cross-country ski outings. If there is no snow, we hike! We also host several weekend and week-long trips to cross-country ski touring centers in Wisconsin and Michigan. All of our destinations have reliable snow and machine-groomed trail systems. Every other year we host a fly-away trip to a world-class cross-country ski center in the U.S. or Canada. Past destinations include Idaho, California, Colorado, and New York.

Typical summer activities include an annual picnic, concerts, kayaking, canoeing, hiking, and cycling.

What else do we offer?

We are an active and growing community. Members stay in touch via our website, Facebook page, and a Google groups email list for club-related news and trip updates. We offer informal skiing-related tips and information as well as opportunities to engage in leadership activities.

Who should join the club?

Anyone interested in active sports and making friends can join NNSC. New members can try out the club at a low introductory rate.
